NEW KID ON THE BLOCK

Oldfield Lighting is now a main UK retailer of Kundalini lighting products and we are delighted to be profiling one of their latest innovations.

The exclusive Italian manufacturer, who are only a decade old, have made a big impression on the lighting design industry with inspired products such as the Atomium which is featured above. Unveiled at the 2006 Milan International Furniture Fair, the Atomium was designed by the

Munich based design duo, Hopf & Wortmann. It is an object of organic and dynamic shape, designed for both multi-directional and ambient light diffusion. Available as a floor, suspension, wall or table light, the Atomium is a fine example of Kundalini's vision to produce extra-sensorial design objects.

Contact us to find out more about further exciting Kundalini products that are now in stock.

Welcome to Oldfield Lighting

Based in Skipton, North Yorkshire, Oldfield Lighting prides itself on being one of the UK's leading providers of exclusive contemporary and traditional lighting, sourced from Europe's premier manufacturers. Visit our new website at www.oldfieldlighting.co.uk to discover our complete design service and product range.

Design service

With our in-house team of experienced designers, Oldfield Lighting can offer a complete lighting design service for either your home or commercial project. Whether you just want advice at the showroom or require detailed electronic plans and specifications on a complete project, our design service can help you transform your space.

Our showroom

As well as the central area showcasing our product range, our extensive showroom also includes an interior open plan apartment, a commercial office interior and an exterior lighting area. Featuring the latest in scene setting technology, our showroom also allows you to experience the different lighting effects that can be created, transforming your environment at the push of a button.

Product range

We source products from over 100 lighting manufacturers and this range covers contemporary and traditional designs for both interior and exterior lighting. Our focus is on providing quality and inspirational designer lighting that you won't find on the high street.

DESIGN CLASSIC

Flos

Achille & Pier Giacomo Castiglioni • 1964

Splügen Brau

At Oldfield Lighting, the Flos Splügen Brau continues to be a firm favourite with our customers who want an eye-catching and sophisticated pendant light for either their home or business. Conceived in 1961 by Achille and Pier Giacomo Castiglioni and put into production in 1964, the Splügen Brau is quite simply a design classic. Undulated in highly polished spun aluminium, the shade appears

elusive and fluid in shape with the edges providing a melting mercury type effect. It has a height of 21cm and width of 36cm with a suspension cord length of up to 2.2m.

If you would like further information on this iconic and timeless light or details of other Flos products that we stock please contact Oldfield Lighting on 01756 799155.

STOP PRESS

Designer furniture in sight

We are delighted to announce we will soon be stocking a collection of classic designer furniture, including pieces from Zanotta and Lago. Zanotta is one of the recognised leaders in Italian industrial design and has an array of design pieces from the likes of Joe Colombo and Achille Castiglioni. Lago is a young Italian company which has a strong focus on designing solid, practical and stylish furniture.

As an added feature to our showroom, this new furniture range will serve to compliment our impressive lighting collection and help provide you with ideas to improve your living or work space.
